Case of Urgency.

Recommendation of the Governor.

In accordance with section 34 of Article IV of the Constitution, the Governor presented the following communication recommending the passage of Assembly Bill No. 1500.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,

SACRAMENTO, March 20, 1935.

To Honorable Members of the Senate:

Assembly Bill No. 1500—An act to add section 92.5 to the Agricultural Code relating to money appropriated for the encouragement of county and district agricultural fairs, declaring the urgency thereof, and providing that this act shall go into immediate effect.

In my opinion said Assembly Bill No. 1500 constitutes an emergency bill within the meaning of that term as used in section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

I therefore recommend the consideration of this bill as such an emergency measure.

Respectfully submitted,

FRANK F. MERRIAM, Governor of California.

Urgency Clause.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution, and shall therefore go into immediate effect. The facts constituting such urgency are as follows:

By the amendment of section 92 of the Agricultural Code by Chapter 24, Statutes of 1935, to enable agricultural fairs which have not been held in previous years to participate in the allocation of funds available for such fairs, and changing the basis of such allocation from the premiums paid in the preceding year to the premiums paid in the current year, those fairs which have been conducted for successive years will be unable to obtain the customary allocation of funds until after the fair is over. This act provides for an advance of a portion of the funds to which such fairs are entitled in order to enable them to continue in operation. Unless provision is made for such advance the conduct of such fairs will be hampered and the welfare of an important factor in the economic life of the State will be impaired. Such advances must be made prior to the ordinary effective date of this act, and consequently it is necessary that this act should go into immediate effect.

Bill read third time.

Urgency Clause.

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1, of Article IV of the Constitution, and shall therefore take effect immediately. The following is a statement of the facts constituting such urgency:

The peace, safety and welfare of citizens of this State are dependent upon immediate relief from the payment of principal or installments thereof due upon such assessments, taxes, and bonds, by reason of the fact that the present economic crisis has made the owners of property upon which such lien falls unable to pay the principal due thereon. The property, as a result of the depression, has neither a reasonable existing sale value, nor does it at present furnish satisfactory or realizable security for raising funds for the payment of these bonds. If these persons lose their homes as a result of proceedings arising out of the nonpayment of these sums, the burden of their support and maintenance will have to be assumed by the State or by local taxation, to the great injury of the State or local government of this State. When a moratorium is declared upon such payments, it

would be grossly inequitable and would cause financial ruin to guarantors not to extend to them similar relief. It is therefore necessary that the temporary relief given by this act be immediately extended and this act should therefore take effect immediately.

The following is a statement of the facts constituting such necessity: Unemployment has produced an alarming economic condition in the State of California. The development and construction of such works, plants and systems will furnish employment to many persons now idle, make them self supporting, and bring about a greater utilization of the resources of the State. The taxes upon insurance companies assessed and levied as provided in section 14 of Article XIII of the Constitution of this State, and in and by the provisions of this code enacted to carry the same into effect, shall be due and payable on the first Monday in July in each year, and one-half thereof shall be delinquent on the sixth Monday after said first Monday in July at six o'clock p.m., and unless paid prior thereto, fifteen per cent shall be added to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock p.m., an additional five per cent shall be added to the amount thereof, and the unpaid portion, or the remaining one-half of said taxes shall become delinquent on the first Monday in February next succeeding the day upon which they become due and payable, at six o'clock p.m.; and if not paid prior thereto five per cent shall be added to the amount thereof, provided, that all such taxes which are not fully secured by real property are due and payable at the time the assessment is made.

When in the opinion of the State Board of Equalization any of the taxes provided for in this section are not a lien upon real property sufficient to secure the payment of the taxes, said board may direct the Controller, or his duly authorized representative, to collect the same at any time before the first Monday in August thereafter, and the Controller may collect the taxes by seizure and sale of any property owned by the company against whom the tax is assessed.

The sale of any property so seized shall be made at public auction and of a sufficient amount of the property to pay the taxes, penalties and costs, and be made after one week's notice of the time and place of such sale given by publication in a newspaper of general circulation published in the county where the property seized is situate, or if there be no newspaper of general circulation published in such county, then by posting of such notice in three public places in such county.

Said notice shall contain a description of the property to be sold together with a statement of the amount of the taxes, penalties and costs due thereon and the name of the owner of said property and a further statement that unless the taxes, penalties and costs are paid on or before the day fixed in said notice for such sale of said property, or so much thereof as may be necessary to pay said taxes, penalties and costs, said property will be sold in accordance with law and said notice.

On payment of the price bid for any property sold, the delivery thereof with bill of sale executed by the Controller vests the title in the purchaser. The unsold portion of any property so seized, may be left at the place of sale at the risk of the owner. All of the proceeds of any such sale in excess of the taxes, penalties, and

costs, must be returned to the owner of the property sold, and until claimed must be deposited with the State Treasurer, as trustee for such owner, and subject to the order of the owner thereof, his heirs, or assigns.

SEC. 7. Section 3668c of the Political Code is hereby amended to read as follows:

Sec. 3668c. The taxes levied upon insurance companies under the provisions of section 14 of Article XIII of the Constitution of this State and sections of this code enacted to carry the same into effect shall constitute a lien upon all the property and franchises of every kind and nature belonging to such companies, which lien shall attach on the first Monday in March of each year. Every tax herein provided for has the effect of a judgment against the company, and every lien has the effect of an execution duly levied against all property of the delinquent: the judgment is not satisfied nor the lien removed until such taxes, penalties, and costs are paid, or the property sold for the payment thereof. No final discharge in bankruptcy or decree of dissolution shall be made and entered by any court, nor shall the county clerk of any county or the Secretary of State file any such discharge or decree, or file any other document by which the term of existence of any corporation shall be reduced or terminated until all taxes, penalties, and costs due on assessments made under the constitutional and statutory provisions aforesaid shall have been paid and discharged.

SEC. 8. Section 3669 of the Political Code is hereby amended to read as follows:

Sec. 3669. All taxes assessed and levied upon insurance companies under the provisions of section 14 of Article XIII of the Constitution of this State and sections of this code enacted to carry the same into effect shall be paid to the State Treasurer, upon the order of the Controller. The Controller must mark the date of payment of any tax on the record of assessments of insurance companies.

The Controller must give a receipt to the person paying any tax, or any part of any tax, specifying the amount of the assessment and the tax, or part of tax, paid, and the amount remaining unpaid, if any, with a description of the property assessed; provided, that the receipt for the second half of the taxes may refer, by number or in any other intelligible manner, to the receipt given for the first half of said taxes, in lieu of a description of the property assessed.

Whenever any taxes, penalties, or costs collected and paid to the State Treasurer as hereinbefore provided, shall have been paid more than once, or shall have been erroneously or illegally collected, or when any taxes shall have been collected and paid pursuant to said provisions of law upon a computation erroneously made by reason of clerical mistake of the officers or employees of the State Board of Equalization, or shall have been computed in a manner contrary to law, the State Board of Equalization shall certify to the State Board of Control the amount of such taxes, penalties, or costs, collected in excess of what was legally due, from whom they were collected or by whom paid, and if approved by said Board of Control, the same shall be credited to the company or person to whom it rightfully belongs, at the time of the next payment of taxes. No claim for such credit shall be so audited, approved, allowed, or paid unless presented within one year after the payment sought to be refunded.

In case the assessment of any company is duplicated upon the record of assessments of insurance companies, or there appears thereon the assessment of any company whose charter has been forfeited or right to do business in this State has been forfeited, or the assessment of any company which, for any reason, could not be legally assessed, the State Board of Equalization or the Controller shall certify such fact to the State Board of Control and said Board of Control shall authorize the cancellation of such assessment.

SEC. 9. Section 3669c of the Political Code is hereby amended to read as follows:

Sec. 3669c. Within ten days after the first Monday in February, the Controller shall send by mail to the last known address of any company whose taxes are delinquent a notice of the amount of said taxes, penalties and costs, and that if the said taxes, penalties, and costs are not paid on or before the Saturday preceding the first Monday in March next thereafter at six o'clock p.m. of said day, the corporate powers, rights and privileges of such delinquent company, if it be a domestic corporation, will be at that time suspended and thereafter incapable of exercise, and that if the delinquent company be a foreign corporation it will thereupon forfeit its right to do intrastate business in this State.

If the taxes, penalties, and costs are not paid within the time specified in said notice, the Controller shall, on said Saturday preceding the first Monday in March at six o'clock p.m. of said day, mark on the record of assessments of insurance companies opposite the assessment of the delinquent corporation the words "corporate powers suspended," if the delinquent corporation be a domestic corporation, and thereupon said corporate powers shall be suspended and incapable of exercise until restored as hereinafter provided; and if the delinquent corporation be a foreign corporation, the Controller shall mark said record of assessments opposite the assessment of such delinquent corporation the words "right to do intrastate business forfeited" and thereupon said right to do such business shall be so forfeited. He shall at once report to the Secretary of State and name and number of charter of each

corporation whose corporate powers have been suspended or right to do business has been forfeited for nonpayment of taxes.

On or before the first Monday in April of each year the Controller shall make a list of all corporations which have failed to pay the taxes imposed upon insurance companies under the provisions of section 14 of Article XIII of the Constitution and the sections of this code enacted to carry the same into effect, and transmit a certified copy thereof to each county clerk and county recorder in this State. Said county clerks and county recorders shall file such certified copies in their respective offices in such manner that the same shall be preserved in the form of a permanent record of such office and easily identified by and available to the public. Such copies so certified by the Controller and filed as herein provided shall in the case of each corporation state whether such corporation is a domestic or foreign corporation and specify the penalty which such corporation has incurred for failure to pay the tax imposed by this act. Such certified copies so filed with either of said county officers, or any copy thereof certified by the Controller shall be received in evidence in any court in lieu of the original record on file with the Controller and shall be prima facie evidence of the truth of all statements contained therein.

After six o'clock p. m. of the Saturday preceding the first Monday in March in any year, the corporate rights, privileges and powers of every domestic corporation which has failed to pay said tax and money penalty shall, from and after said hour of said day, be suspended, and incapable of being exercised for any purpose or in any manner, except to defend any action brought in any court against such corporation, until said tax with all accrued penalties, and all taxes and charges due the State under the corporation license act are paid as hereinafter provided. The right and privilege of every foreign corporation to transact intrastate business in this State shall, for failure to pay said tax and money penalty, be forfeited at said hour of said day, and the Controller shall make a record of such forfeiture. In the case of foreign corporations such forfeiture may be relieved and the corporation's privilege to transact intrastate business in this State restored in the manner hereinafter provided.

After said hour of said day and until such taxes, penalties and charges are paid, every person who attempts or purports to exercise any of the rights, privileges or powers of any delinquent corporation, or, who transacts or attempts to transact any intrastate business in this State in behalf of any forfeited foreign corporation, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars and not exceeding one thousand dollars, or by imprisonment in the county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment. The jurisdiction of such offense shall be held to be in any county in which any part of such attempted exercise of such powers, or any part of such transaction of business was had or occurred. Every contract made in violation of this section is hereby declared to be void.

All corporate powers, rights and privileges suspended or forfeited may be revived and restored to full force and effect by the payment of all unpaid taxes and penalties due to the State under sections 2646th and 2646th of this code and also, in addition thereto, a sum of money equal to the tax last assessed under the provisions of said sections of this code, for each year succeeding the year in which such tax was levied, and to the time of such revival. Year' within the meaning of the preceding sentence is hereby defined as the period between the first Monday in March of any calendar year and the first Monday in March of the following calendar year.

Upon payment of all such taxes and penalties the State Controller shall issue a certificate under his seal evidencing such payment and restoration, which certificate when recorded in the office of any county recorder shall constitute a release of all existing liens for such taxes upon the property of such corporation. Each county recorder shall keep an index of all such Controller's certificates recorded by him. Upon presentation of such Controller's certificate of revival to any county clerk said officer shall make a record thereof in his office in a book kept for such purpose. The record so made by said county clerk shall be prima facie evidence of the restoration to such corporation of all previously suspended or forfeited rights, powers and privileges unless it appears from the records in the office of such county clerk or of the Secretary of State that subsequent to the date of such certificate of revival the powers of said corporation have been suspended or its right to do intrastate business forfeited.

The Controller may, on or before the thirtieth day of April next following said delinquency and suspension or forfeiture, bring an action in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California, to collect any delinquent taxes, together with any penalties, or costs, which have not been paid in accordance with the provisions of this code and appearing delinquent upon the record of assessments for State taxes heretofore mentioned, and such actions shall be tried in the county of Sacramento unless the court, with the consent of the Attorney General, order a change of place of trial.

The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. In such action

a writ of attachment may be issued, and no bond or affidavit previous to the issuing of said attachment is required.

In the case of companies whose right to do business has been forfeited or corporate powers suspended, service of summons may be made upon the persons provided for by law to be served as agents or officers of any of such companies and such persons shall be deemed to be the agents of such companies for all purposes necessary in order to prosecute such action. In the case of corporations whose powers have been suspended, the persons constituting the board of directors thereof shall have the power and right to defend such action. Payment of the taxes and penalties, or amount of the judgment recovered in such action must be made to the State Treasurer.

In such actions the record of assessments of insurance companies, or a copy of so much thereof as is applicable in said action, duly certified by the Controller, or by the Secretary of the State Board of Equalization, showing unpaid taxes against any company, person or association assessed by the State Board of Equalization, is prima facie evidence of the assessment upon the property and franchises, the delinquency, the amount of the taxes, penalties, and costs due and unpaid to the State, and that the company, person, or association is indebted to the people of the State of California in the amount of taxes and penalties therein appearing unpaid, and that all the forms of law in relation to the assessment and levy of such taxes have been complied with."

WHEREAS, The Tennessee Valley Authority further demonstrates, by the Federal Government, favor of centralization of the conduct and control of publicly owned public utilities in supplying electrical energy to a vast area of the United States in the South and Midwest; and

WHEREAS, This trend toward and appreciation of the benefits of centralization has also been demonstrated in this State by the recent approval of the Central Valley Water Project by the voters of the State of California; now, therefore, be it

Assembly Bill No. 2136—An act relating to the relief of debtors and guarantors; permitting postponement of sales conferred by mortgages, deeds of trust, or contracts of purchase of real property, or chattels attached to real property, or postponement of forfeitures and terminations under such contracts of purchase, or extensions of periods for redemption, or reduction of moneys to be paid on redemption; regulating the appointment of receivers in certain cases; repealing Chapter 1, Statutes of the Extra Session of 1934, and Chapter 7 of the Statutes of 1935; declaring the urgency hereof, and providing that it shall take effect immediately.

Bill read third time.

Urgency Clause.

SEC. 30. This act shall be known and may be cited as the "Mortgage and Trust Deed Moratorium of 1935."

SEC. 31. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution, and shall therefore take effect immediately.

The facts constituting the necessity are the dangers to the State and to the people involved in the unusually large number of foreclosures, sales, forfeitures and terminations which will result in the near future under mortgages, deeds of trust, and contracts of purchase of real property, or upon chattels attached to real property, because of defaults in payment by the owners or purchasers of such property. Such defaults are the result of exceptionally depressed conditions in this State, which have deprived a large proportion of the inhabitants and land purchasers of sufficient income to meet their obligations. The dangers in the situation are such as to threaten the maintenance of law and order, and to lead to the pauperization of many persons who have hitherto constituted an important part of the self-supporting and economically independent people of this State. This act will provide a means for delaying such sales, foreclosures, terminations and forfeitures so as to permit land-owners and land purchasers to find means of meeting their obligations, and at the same time will protect the interests of creditors. The dangers mentioned will thus be avoided.

Assembly Bill No. 2456—An act to amend sections 3454 and 3455 of and to add sections 3454a and 3454b to the Political Code, relating to reclamation districts, declaring the urgency thereof and providing that this act shall take effect immediately.

Bill read third time.

Urgency Clause.

SEC. 5. This act is hereby declared to be an urgency measure within the meaning of section 1, Article IV, of the Constitution of the State of California, and it is deemed necessary for the immediate preservation of the public peace and safety that this law shall go into immediate effect.

The following is a statement of facts constituting such necessity: Within certain districts there are private irrigation systems through which lands within such districts and contiguous thereto are being furnished with water for irrigation. The toll rates and charges for such water service under present agricultural conditions are exceedingly high and far beyond the economic ability of the land to pay and the rules and regulations under which such water is supplied are burdensome. Unless this condition is remedied the owners of thousands of acres of good land will be forced to cease operations thereon and abandon the same. The land owners are unable to obtain relief from such situations except by purchasing, leasing or otherwise acquiring and operating such irrigation systems with the aid of Federal financing. Under the Federal Emergency Farm Mortgage Act of 1933 the Reconstruction Finance Corporation was authorized to make loans in an aggregate amount not exceeding \$125,000,000 to and for the benefit of drainage, levee, irrigation, reclamation and similar districts throughout the United States. Approximately \$85,000,000 of this sum has been applied for and allocated for the purposes stated. Approximately only \$40,000,000 remains to be allocated throughout the United States. Applications therefor are being made rapidly and the said sum of \$40,000,000 will be applied for and allocated before this act will become effective unless made effective immediately and if not so made said districts will

lose the opportunity of purchasing, leasing or otherwise acquiring and operating said irrigation systems on an economic basis, all to the great loss of landowners.

Amendment No. 12.

On page 10 of the printed bill, as amended, strike out lines 38 to 41, inclusive, and insert in lieu thereof the following:

"(g) (1) The term "dividend" when used in this act means any distribution made by a corporation to its shareholders, whether in money or in other property, out of its earnings or profits accumulated after February 28, 1913.

(2) For the purposes of this act every distribution is made out of earnings or profits to the extent thereof, and from the most recently accumulated earnings or profits. Any earnings or profits accumulated, or increase in value of property accrued, before March 1, 1913, may be distributed exempt from tax, after the earnings and profits accumulated after February 28, 1913, have been distributed, but any such tax-free distribution shall be applied against and reduce the adjusted basis of the stock provided in section 9.

(3) Amounts distributed in complete liquidation of a corporation shall be treated as in full payment in exchange for the stock, and amounts distributed in partial liquidation of a corporation shall be treated as in part or full payment in exchange for the stock. The gain or loss to the distributee resulting from such exchange shall be determined under section 7, but shall be recognized only to the extent provided in section 8. Despite the provisions of subsection (a) of this section, one hundred per centum of the gain so recognized shall be taken into account in computing net income. In the case of amounts distributed (whether before January 1, 1934, or on or after such date) in partial liquidation (other than a distribution within the provisions of subdivision 8 of this subsection or stock or securities in connection with a reorganization) the part of such distribution which is properly chargeable to capital account shall not be considered a distribution of earnings or profits within the meaning of subdivision 2 of this subsection for the purpose of determining the taxability of subsequent distributions by the corporation.

(4) If any distribution (not in partial or complete liquidation) made by a corporation to its shareholders is not out of increase in value of property accrued before March 1, 1913, and is not out of earnings or profits, then the amount of such distribution shall be applied against and reduce the adjusted basis of the stock provided in section 9, and if in excess of such basis, such excess shall be taxable in the same manner as a gain from the sale or exchange of property.

(5) Any distribution made by a corporation, which was classified as a personal service corporation under the provisions of the Federal Revenue Act of 1918 or the Federal Revenue Act of 1921, out of its earnings or profits which were taxable in accordance with the provisions of section 218 of the Federal Revenue Act of 1921, shall be exempt from tax to the distributees.

(6) A stock dividend shall not be subject to tax.

(7) If a corporation cancels or redeems its stock (whether or not such stock was issued as a stock dividend) at such time and in such manner as to make the distribution and cancellation or redemption in whole or in part essentially equivalent to the distribution of a taxable dividend, the amount so distributed in redemption or

cancellation of the stock, to the extent that it represents a distribution of earnings or profits accumulated after February 28, 1913, shall be treated as a taxable dividend.

(8) The distribution before January 1, 1934, in pursuance of a plan of reorganization, by or on behalf of a corporation a party to the reorganization of its stock or securities or stock or securities in a corporation a party to the reorganization, if no gain to the distributees from the receipt of such stock or securities was recognized under the Federal Revenue Act applicable to such distributions, shall not be considered a distribution of earnings or profits within the meaning of this subsection for the purpose of determining the taxability of subsequent distributions by the corporation. As used in this subdivision, the terms "reorganization" and "party to the reorganization" shall have the meanings assigned to such terms in section 112 of the Federal Revenue Act of 1932.

(9) As used in this subsection the term "amount distributed in partial liquidation" means a distribution by a corporation in complete liquidation or redemption of a part of its stock, or one of a series of distributions in complete cancellation or redemption of all or a portion of its stock."

For a Moratorium.

O God, our Father, we are grateful that Thou dost not deal with us after our sins, nor reward us according to our iniquities.

We pray, this morning, for a moratorium on our shortcomings. Grant that these burdens be lifted; that our better selves may better survive.

By Thy grace and power put aside all hurtful things. Lift the mortgage of greed off the backs of our people, that love and brotherhood may restore happiness and prosperity to their hearts.

And give us, O Lord, a holiday from our fears. Our Nation has ever maintained a triumphant faith. We shall not quit now.

Keep in our hearts and in the heart of our Nation those glorious and blessed hopes that have made our country great, and when our trials are heaviest, may our faith be the strongest.

Oh Thou, who forgivest all things, forgive us our debts, and Thy name shall be praised now and forevermore. Amen.

Communication.

The following communication, offered by Lieutenant Governor George J. Hatfield, was received, read, and ordered printed in the Journal:

LOS ANGELES, CALIFORNIA, June 11, 1935.

Hon. Lieutenant Governor George J. Hatfield

New Federal regulations on unemployment relief, as transmitted to the Los Angeles County board of supervisors, and we understand same information was sent to all boards of supervisors in the State by the State Emergency Relief Administrator, threaten to throw back to counties a further portion of unemployment needs. Totally beyond ability of counties to pay this proposed new burden, not a county responsibility, and Los Angeles County today bearing an oppressive burden which is rapidly exhausting resources, personal and real taxpayers. President Roosevelt's attention should be called to possibility of state of chaos which would result in our State if new rulings become effective. The State of California and all its counties can point with pride to their substantial participation in unemployment relief as compared with many other States. We should not be penalized. If Federal Government insists upon enforcing these rulings, then State Legislature, now in session, should provide state-wide means to carry this load.

HERBERT C. LEGG, Chairman.

WHEREAS, It is reported that consideration is being given to the feasibility of lowering tariff duties on foreign grown olives; and

Resolved by the Senate of the State of California, That the Senate of the State of California does hereby urge the Secretary of State of the United States that the present tariff rates on imported olives be maintained in order that the interests of the American farmer be not sacrificed in any reciprocity trade agreements; and be it further

Urgency Clause.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution, and shall therefore go into immediate effect. The facts constituting the necessity are as follows: Under the terms of the act of Congress approved March 4, 1911, and the current Federal Naval Appropriation Bill, the Federal Government is authorized to reimburse the general fund of the State of California in the sum of twenty-five thousand dollars (\$25,000) at the close of each fiscal year during which the State of California has expended from State funds at least twenty-five thousand dollars (\$25,000) for the support of the California Nautical School. If this act does not become effective, the State of California will have expended from State funds for the support of the California Nautical School during the current fiscal year approximately twelve thousand dollars (\$12,000) only, and the general fund of the State of California will, therefore, not be reimbursed by the Federal Government in the sum of twenty-five thousand dollars (\$25,000) for moneys expended by the State for the support of the California Nautical School during the current fiscal year. If, however, this act does become effective during the current fiscal year the general fund of the State of California will be reimbursed at the close of the current fiscal year by the Federal Government in the sum of twenty-five thousand dollars (\$25,000).

The following message from the Governor was received and read:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, June 12, 1935.

*The Honorable Members of the Senate,
State of California, Sacramento, California.*

GREETINGS: I am herewith returning Senate Bill No. 153, without my approval, the same being—An act to amend section 5 of an act entitled "An act to regulate motor boats of less than 15 gross tons capacity, operating in California waters and carrying passengers for hire and providing a penalty for violation thereof," approved June 19, 1931, relating to boats unequipped with propelling machinery.

In the attempt to bring a measure of relief to a particular locality, the author of this bill has probably overlooked the interests of other parts of the State. The proposed bill would release from inspection and examination the boats which more than any others should receive the attention of investigators and examiners.

Respectfully submitted,

FRANK F. MERRIAM, Governor of California.

Introduction, First Reading and Reference of Bill.

By Senator Swing: Senate Concurrent Resolution No. 46—A resolution relative to the Relief Commission and Relief Administrator and

requesting the same to provide employment for persons over sixty years of age and others only partially disabled in order to save the counties the expense of caring for and supporting such persons.

Consideration of Senate Concurrent Resolution No. 46.

Senator Swing asked for, and was granted, unanimous consent for the consideration of Senate Concurrent Resolution No. 46, without reference to committee, print, or file for purpose of adoption.

Senate Concurrent Resolution No. 46.

A resolution relative to the Relief Commission and Relief Administrator and requesting the same to provide employment for persons over 60 years of age and others only partially disabled in order to save the counties the expense of caring for and supporting such persons.

WHEREAS, The Legislature did in and by Senate Bill No. 940 appropriate the sum of \$48,000,000 to aid and relieve hardship and destitution resulting from unemployment upon the assumption that every able-bodied adult person, irrespective of age, would be given employment and that no age discrimination would be made; and

WHEREAS, The Legislature has reduced the age limit of those entitled to participate under the State Old Age Pension Act (so-called) from 70 years to 65 years, thereby making aid under such act available to more than 20,000 additional persons within this State; and

WHEREAS, Such addition will add additional burdens to the counties and to the taxpayers thereof in that the counties will be required to cooperate in the care of such aged persons; and

WHEREAS, In addition thereto, counties are required to provide and care for all indigent persons unable to work and the combined costs of all such obligations so imposed upon the counties will be such that the taxpayers of said counties will be taxed to their maximum ability to pay; and

WHEREAS, It is reported to this Legislature that the Relief Commission and Relief Director are considering the adoption of a rule whereby persons over the age of 60 years and others only partially disabled will be refused employment and, as a result thereof, all such persons will likewise be forced on to the counties for care and support; and

WHEREAS, Such burden can not be borne by the taxpayers of the respective counties without the imposition of unjust and unfair additional tax burdens; now, therefore, be it

Resolved, by the Senate of the State of California, the Assembly concurring, That the Relief Commission and Relief Administrator be and each is hereby requested not to adopt or enforce any rule or regulation which would deprive or prevent any person over the age of 60 years or who may be only partially disabled from being employed and obtaining relief under the appropriation heretofore made from hardships and destitution due to unemployment; and be it further

Resolved, That said Relief Commission and Relief Administrator be and each is hereby requested to make provision and provide work for all such persons herein referred to so that they will not become an additional burden and charge upon the respective counties of the State but will be cared and provided for under the act appropriating said \$48,000,000; and be it further

Resolved, That the Secretary of the Senate is directed to immediately forward copies of this resolution to such Relief Commission and Relief Administrator.

Motion to Withdraw from Committee.

Senator Fletcher moved that Senate Bill No. 6 be withdrawn from Committee on Finance for purpose of passage.

Remarks.

The following remarks, offered by Senator Fletcher, were ordered printed in the Journal:

Mr. President and Fellow Members of the Senate:

I ask that my resolution be printed withdrawing from Finance Committee Senate Bill No. 6 pertaining to \$200,000 raised for flood control on the San Dieguito River, the money to be used for strengthening Lake Hodges Dam.

SENATOR RICE on the floor of the Senate stated that San Diego County was getting \$195,000 the next two years for flood control. He is mistaken. We are not getting one dollar. Plus on the authority of the State Engineer, Mr. Edward Hyatt. Our only help was the receipt of \$12,500 for the study of flood control on the San Diego River two years ago but never a dollar for any development work, while this Legislature has spent over \$20,000,000 in other sections of the State for flood control work the last 10 years.

Lake Hodges Dam, now recognized as construction inspected and finally approved, by the State authority. From the beginning it was a creature of the State, serving as it does the irrigation districts of 15,000 acres who are wholly dependent upon this source of supply for water, while San Diego city as well gets a part of its supply from Lake Hodges.

When this dam was built the assessed valuation of this property so irrigated in the two irrigation districts and at 1921 May was approximately \$400,000. Today the State of California is collecting taxes on the basis of a valuation of \$12,000,000.

We think this state under the personal direction of your State Engineer who formerly assessed same. Now legislation was later enacted, the dam was inspected by a board of engineers and pronounced unsafe in case of major earthquake, although I believe it is safe and I hold in my hand a photograph showing 57,000 second foot of water, one-fourth of the total flow of the Colorado River, going over the top of this Lake Hodges spillway. There have only been three or four years since the dam was built that the spillway was not in operation, with two major floods.

One branch of the State service demands that this dam be strengthened. The State of California brought suit to enforce the order of the State Engineer and lost out. Another suit has been filed and the State Engineer threatens to withdraw the water from that dam, an economic crime.

Your Director of Public Works and your State Engineer have both in writing stated that it is a moral obligation of the State, yet you do nothing. If the engineer's report is true, there is danger to life and property second only to that of the St. Francis Dam. The responsibility is wholly yours.

One of your arguments against this appropriation is that you have been so liberal to the California Pacific International Exposition and the other is the lack of finance.

That exposition, gentlemen, is yours and the whole State of California is getting many times the benefit of the donation made.

You have appropriated over \$15,000,000 for the Sacramento Valley flood control in the last ten years, \$1,000,000 more for Santa Barbara, \$3,600,000 for Los Angeles County, \$1,250,000 for San Bernardino, Orange and Riverside counties, yet not one dollar have you ever given to San Diego County, the fourth city in the State. To make matters worse you took away from us twenty-odd thousand dollars of our own money two years ago under the Rolph administration, money that belonged to San Diego County, collected from houses on San Diego Bay, and, by all that is holy, should have been kept in that special fund for the development of San Diego Bay, yet you seized it and put it into the general fund of the State.

You say these other projects that I have mentioned are matched dollar for dollar. So is ours. As a matter of fact the Government and the city are putting up \$100,000 against the State of California's \$60,000 for the strengthening of Lake Hodges Dam.

Are you going to allow the State of California to persecute us in the courts? I am of the opinion that, in the long run, the courts will hold the State of California responsible. They are at least from a moral standpoint.

I appeal to you in the name of justice to grant our petition and approve this bill.

San Diego financially is not in a position, with all its other obligations, to do more than it is offering now to do. The irrigation districts are broke. Their taxes are 35 per cent to 50 per cent delinquent. They are in the process of refinancing. Agriculture is bringing practically no returns and we have reached a point where we must have State help, particularly where the State is creating all this trouble and persecution.

This adverse publicity has cost us literally millions of dollars of damage in the sale of property and our good name.

Again I say the responsibility is yours in case of disaster.

I ask that my argument be made a matter of public record and printed in the Daily Journal this day.

Bill read third time.

Urgency Clause.

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution and shall therefore take effect immediately.

The facts constituting the necessity are as follows:

At the general election, November 6, 1934, the people approved an initiative constitutional amendment adding Article XXIV to the State Constitution, which placed in the State civil service numerous offices and positions which prior thereto had not been in the State civil service. On the effective date of said constitutional amendment, many persons held positions which were thus brought into the State civil service and had held such positions for a considerable period, but not for the full period of six months immediately preceding said effective date. As to many of said positions there exist eligible lists established prior to the effective date of said constitutional amendment, and it appears that the existence of such eligible lists would operate to prevent the persons hereinabove mentioned from having any opportunity to take examinations for qualification for certification to the very positions which they then held, unless suitable legislation is enacted to provide therefor, and it is imperative that such legislation to accomplish this purpose take effect immediately.

And provided, further, that the city of Glendale, of Los Angeles County, may, when authorized so to do, by a majority of the voters thereof voting at an election held for that purpose, pay from the surplus of the public service department of said city the amount of any assessment or assessments levied by said city between the eleventh day of May, 1921, and the ratification of this amendment, for the replacement of water mains, to the person or persons owning the property so assessed at the time said payment is so authorized; and that no statute of limitations shall apply in any manner.

Urgency Clause.

Sec. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution, and will therefore go into effect immediately. The facts constituting such necessity are as follows:

Due to recent high water on the San Joaquin River, levees have broken down with the result that the surrounding country has been flooded causing great damage to buildings and property. It is necessary that money be made available immediately in order that steps may be taken to control these flood waters and to rebuild the levees in order to prevent further damage to surrounding buildings and property, and also to permit the use of the land flooded. If this reclamation work is done immediately the land may be used for planting during the present year. Therefore, in order to provide for the use of the land and to eliminate the possibility of further damages, it is necessary that this act take effect immediately.

Assembly Bill No. 669—An act to add section 3817½ to the Political Code, relating to taxation, declaring the urgency hereof and providing that this act shall take immediate effect.

Bill read third time.

Urgency Clause.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

Due to the fact that many properties throughout the State of California have ceased to pay taxes and there being no existing method by which such property can be sold or redeemed and because of the fact that in many cases the taxes, penalties, and costs accrued against such property amount to more than the present market value of such property, a method must be provided whereby the accrued taxes, penalties, and costs may be reduced to an amount which will make the redemption of such property possible and further, that this measure offers such an opportunity for the original owner to retrieve and retain the property which he has to all intents and purposes lost, probably through no fault of his own, but through economic stress. The operation of this law will, in a great measure, relieve the economic pressure now burdening the various political subdivisions of this State by recovering a portion of the taxes, penalties, and costs now charged against these properties and further by restoring to the revenue tax rolls the said properties which are now not bearing any proportion of the cost of government due to the fact that said properties are not now being taxed. The pressing need for a method that will correct this condition is evidenced by the fact that in some counties this delinquent property approaches fifty per cent of the total taxable property within the county.

Third Reading of Assembly Bills—(Resumed).

Assembly Bill No. 2292—An act to amend sections 18 and 23 of the California Barber Law, relating to restrictions upon barber shops or colleges in this State.

Bill read third time.

Communications Referring to Assembly Bill No. 2292.

The following communications were, on motion of Senator Tickle, ordered printed in the Journal:

STATE OF CALIFORNIA, LEGAL DEPARTMENT,
SACRAMENTO, June 12, 1935.

Hon. Edward H. Tickle,
Senate Chamber, State Capitol, Sacramento, California.

MY DEAR SENATOR: I have before me your letter of even date herewith wherein you ask me to give you an opinion as to the constitutionality of Assembly Bill No. 2292. I understand your inquiry goes to subdivision (j) of section 23 of the bill, as amended in the Senate on June 11, 1935, and which subdivision provides that it shall be unlawful to operate or keep open any barber shop or college for more than six days in any one calendar week.

In 1905, section 310½ was added to the Penal Code, which provides as follows:

"Every person who as proprietor, manager, lessee, employee or agent keeps open or conducts, or causes to be kept open or conducted, any barber shop, bathhouse, and barber shop, barber shop of a bathing establishment or hair-dressing establishment, or any place for shaving or hairdressing used and conducted in connection with any other place of business or resort, or who engages at work or labor as a barber in any such shop or establishment on Sunday, or on a legal holiday, after the hour of twelve o'clock m. of said day, is guilty of a misdemeanor."

After the enactment of that section, one Leo Jentsch was convicted for a violation thereof and on appeal in the case of *Ex parte Jentsch*, decided April 17, 1896, by the Supreme Court of this State, the court held that section to be an undue restraint of personal liberty and special legislation based upon an arbitrary classification and not a proper exercise of the police power and unconstitutional and void. That section was subsequently and still is repealed. The court held that legislation to be contrary to sections 1 and 21 of Article I and section 25 of Article IV of the Constitution.

In a later case, *Ganley vs. Claeys*, 88 Cal. Dec. 107, decided by the Supreme Court of this State on January 21, 1935, the court held that an ordinance of the city of Martinez was unconstitutional, which provided that all barber shops should be closed from 6:30 p.m. of each day until 8:00 a.m. of the following morning, except on Saturdays and days preceding holidays specified in the ordinance, on which days they should close at 8:00 p.m. and remain closed all day on Sunday and on the specified holidays. The court again referred to sections 1 and 21 of Article I and section 25 of Article IV of the Constitution, and in addition thereto section 1 of the Fourteenth Amendment of the Constitution of the United States, and held that the ordinance constituted an unnecessary and undue restraint of and interference with personal liberty and deprivation of property without due process of law, being an unwarranted interference with the carrying on of a lawful business, and further that it was special legislation based upon arbitrary classifications.

From the foregoing, it is my opinion that subdivision (j) of section 23 of Assembly Bill No. 2292, as amended in the Senate on June 11, 1935, would be held by the courts to be unconstitutional.

Yours very truly,

JESS HESSION, Deputy Attorney General.

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL,
SACRAMENTO, CALIFORNIA, June 12, 1935.

Honorable Edward H. Tickle,
Senate Chamber, State Capitol, Sacramento, California.

Subject: *Closing of Barber Shops One Day a Week*. (A. B. No. 2292.)

Request: No. 4148.

DEAR SENATOR TICKLE:

You have asked us whether the provisions of subdivision (j) of section 23 of the Barber Act, as that section would be amended by Assembly Bill No. 2292, are constitutional.

The provisions of this subdivision (j) would make it unlawful to operate or keep open any barber shop or college for more than six days in any one calendar week.

In our opinion this requirement is unconstitutional.

In *Ex parte Jentsch*, 112 Cal. 468, the court passed upon an act requiring barber shops to close on Sundays, and held the act unconstitutional on the ground that the barber business was not so peculiar in its nature that to subject it to this particular regulation would be valid. We find nothing in the later decisions which induces us to believe that the court today would rule otherwise.

In *Ganley vs. Claeys*, 89 Cal. Decs. 107 (Jan. 21, 1935), the court struck down as unconstitutional an ordinance of the city of Martinez requiring the closing of barber shops on Sundays and certain holidays. However, the basis of the decision

seems to be that State in the Barber Act had provided the complete scheme of the regulation of the location of barbering and, therefore, the cities were foreclosed from any regulation of that business. Apparently the thought of the proponents of the bill would be to put in the State law itself as a part of the regulation, the requirement that barber shops should not open more than six days a week. However, we feel that the earlier cases of *Ex parte Jentech* would make this provision unconstitutional by reason of its holding that the barber business was not so peculiar as to require that a shop be closed on a certain day. The cases sustaining ordinances requiring the closing of barber shops on certain days were distinguished by the court on the ground that the barber business was subject to a closer and a different type of regulation under the State law and an express delegation of power to cities to legislate as to barber shop sanitation occurred in the State law. At any rate, it is difficult to see how the requirement that a shop be not open more than six days a week has any relation to public health, which would seem to be the only ground upon which such a regulation could be sustained.

Very truly yours,

FRED B. WOOD, Legislative Counsel.

By HAROLD B. HAAS, Deputy.

Amendment No. 10.

On page 9 of the original bill, an amended strike out lines 12 to 49, inclusive, and insert in lieu thereof the following:

Sec. 39. The commission shall, beginning in 1941, classify employers in accordance with their actual experience with regard to the contributions which they have paid in their own behalf and the benefits which the unemployment fund has paid to their employees, or to situations whose benefits are charged against such employers. If it appears in the accounts established and kept as provided below, that an employer shows an excess of contributions paid in his own behalf over benefits paid to his employees or chargeable on him, a reserve equal to eight per cent or more of the average of his 1941 pay rolls for the three preceding years, or the five preceding years whichever is higher, his rate of contribution shall be reduced to two and one-half per cent; if the reserve is ten per cent but less than twelve per cent, the rate shall be reduced to two per cent; if the reserve is twelve per cent but less than fifteen per cent, the rate shall be one and one-half per cent; and if the reserve is fifteen per cent or more, the rate shall be one per cent. The minimum contribution thus payable to the fund by the employer in his own behalf shall in no case amount to less than one per cent.

Sec. 40. The commission shall keep separate records of the amounts paid into the fund by each employer in his own behalf or chargeable to him as benefits; but nothing in this chapter shall be construed to grant any employer or his employees prior claims or rights to the amount contributed by him to the fund, either on his own account or on behalf of his employees. The amount of employer contributions together with the employee contributions shall be pooled and available to pay benefits to any employee entitled to benefits under the provisions of this chapter regardless of the source of such contributions.

Sec. 41. For the purpose of determining which employer shall be debited with the amount of benefits paid to an employee who, during the period of the effective operation of this act, prior to the receipt of benefits, has worked for more than one employer, the liability of the two or more accounts shall be in inverse order to the succession of the several employments of the employee.

Sec. 42. No employer shall have the advantage of a merit rating unless the reserve computed remains at a level justifying the lower rate of contributions, except that the commission may, for purposes of convenience, fix quarterly, half yearly, or other reasonable periods during which the lower contributions based on merit ratings shall remain unchanged.

Sec. 43. The commission shall investigate and report upon the degree of unemployment hazard in various industries and occupations and their cost to the unemployment fund. It shall recommend to employers in industries or occupations showing an excessive cost to the fund means for stabilizing employment. It shall also, if necessary, recommend to the Legislature a higher rate of contribution for any classification of industries or occupations in which unemployment is excessive or chronic.

Sec. 44. Beginning on January 1, 1936, each employee shall contribute to the fund one half of one per cent of his wages; and beginning on January 1, 1937, and thereafter he shall contribute one per cent; except that the rate of contributions required of employees shall not in any year exceed fifty per cent of the general rate required of employers. Each employer shall withhold such contribution from the wages of his employees, shall show such deduction on his pay roll records, and shall transmit all such contributions to the fund, pursuant to general rules of the commission."

Amendment No. 11.

On page 10 of the printed bill, as amended, between lines 14 and 15, insert the following:

"Sec. 47. The commission may exempt from the provisions of this act requiring contributions to the fund, and from such other provisions as the commission finds clearly inapplicable to guaranteed employment plans, any employer (and his employees) who guarantees, under a plan approved by the commission, to all employees in his employ at the time of putting such plan into effect (and to each employee who is thereafter employed and continued in employment after a total of eight weeks of employment), in advance for stated one-year periods, at least that number of weeks of work or wages, for at least that corresponding number of hours

in each week set forth in the following table, provided the commission is satisfied that the employer can and will make good such promise under all circumstances.

Minimum number of weeks per year	Minimum hours in each such week

The employer's guaranty to an employee under such a plan shall specify the one-year period applicable to such employee, the total wage rate guaranteed the employee for all work done by him for the employer during such year period and guaranteed him as a deficiency wage for each hour short of the number of guaranteed hours in a guaranteed week, the manner of extending or removing such guaranty, and such other matters as the commission finds necessary to safeguard and carry out guaranteed employment plans submitted under this act. But an employer shall not be required to make good such guaranty in the case of any individual employee who loses his employment under any of the conditions enumerated in section 56 of this act.

SEC. 48. The commission may exempt from paying to an account in the fund, the contributions provided for in sections 38, 39, 40, 41, 42, 43 and 44, any employer and employee or group of employers or employees submitting a plan for unemployment benefits which the commission finds: (1) makes eligible for benefits at least the employees who would be eligible for benefits under the compulsory features of this act; (2) provides that the proportion of the benefits to be financed by the employer or employers will on the whole be equal to or greater than the benefits which would be provided under the compulsory features of this act; and (3) is on the whole as beneficial in all other respects to such employees as the compulsory plan provided in this act. If under such a plan any contributions are made by employees, the accounts of the plan shall be so kept as to make clear what proportion of the benefits is financed by the employer or employers, and what proportion by the employees. If under such a plan any contributions are made by employees, the commission shall require that such employees be represented, by representatives of their own choosing, in the direct administration of such plan, and the commission may take any steps necessary and appropriate to assure such representation to contributing employees.

SEC. 49. As a condition of granting exemption, the commission may require the employer or group to furnish such security as the commission may deem sufficient to assure payment of all promised benefits or wages, including the setting up of proper reserves. Such reserves and other security and also the manner in which an exempted employer carries out his promises of benefits or employment shall be subject to inspection and investigation by the division at any reasonable time. If the commission shall deem it necessary it may require an exempted employer to furnish additional security to assure fulfillment of his promises to his employees.

SEC. 50. If an exempted employer or groups of employers fails to furnish security satisfactory to the commission, or fails to fulfill the promises made to employees, or wilfully fails to furnish any reports that the commission may require under this act, or otherwise to comply with the applicable portions of this act and the rules, regulations and orders of the commission pertaining to the administration thereof, the commission may, upon ten days' notice and the opportunity to be heard, revoke the exemption of such employer or group. In such case or in case any exempted employer or group voluntarily terminates exemption, such employer and each of such group of employers shall at once pay into the fund an amount equal to the balance which would have been standing to his account had he been making the contributions to the fund and paying out the benefits provided in this act; provided that, in any case where such balance can not reasonably and definitely be determined, and specifically in the case of an employer exempted under subsection (a) of this section, the commission may require such employer to meet his liability under the present subsection by paying into the fund a lump sum amount equal to the contributions he would, if not exempted, have paid into the fund under section 38 during the twelve months preceding termination of his exemption. The account of any employer whose exemption has been terminated shall thenceforth be liable to pay to his employees the benefits which may remain or hereafter become due them, as if such employer had not been exempted under this section; and such employer shall thenceforth pay all contributions regularly required under this act from nonexempted employers.

SEC. 51 (a) Each employer exempted under this article shall be liable to make all contributions, to pay directly to employees all benefits, to pay all penalties, and otherwise to comply with all the provisions of this act, except as specifically

provided to this journal and in conformity with it to be formulated by the commission consistent with the purposes and provisions of this act.

(b) Such plan for the continuation of such pension that upon the going out of business of the State of New Hampshire, or the legal abandonment of the plan, the funds which would have been contributed during such time shall be retained for a sufficient period so long as to enable the trustee to pay the benefits therefrom, and that at the end of such period the proceeds of the contributions of employer contributions shall be returned to the members of the pension, and the proportion then remaining of corporate contributions shall be distributed in such equitable manner as the commission may require.

(c) The terms and conditions for the payment of such plan must be submitted to and approved by the commission. A plan so approved shall when put into effect be subject to future review, and changes and every other employer participating in the plan, and between the employer or employers on the one hand and on the other hand of members who come under it, and shall not thereafter be abandoned or modified without the approval of the commission, but it is a condition of such contract that it may be so abandoned or modified with such approval.

Messages from the Governor.

The following messages from the Governor were received and read:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE.

SACRAMENTO, June 14, 1935.

To the Honorable Members of the Senate.

State of California, Sacramento, California.

GREETINGS: I am returning herewith, without my approval, Senate Bill No. 419, being—An act to amend section 3658a of the Political Code, relating to assessments by reference to maps.

This bill would allow assessors or the State Board of Equalization to describe property for assessment purposes by reference to a map furnished by the property owner.

In my opinion it is very doubtful whether property should be assessed by describing it with reference to a map prepared by the owner of the property and on file only with the assessor or the Board of Equalization.

In all other instances of assessment of property, a description is used which can be verified by public record, all checked by specific boundary lines such as sections, townships and ranges.

Respectfully submitted.

FRANK F. MERRIAM, Governor of California.

Prayer.

The following prayer was offered by the Chaplain, Rev. Newton E. Moats:

For a Strengthened Democracy.

O Thou, Giver of all light and wisdom, we pray for the ability to know what we want, to be sure we know what we want, and for the courage to legislate accordingly. May we not halt between opinions. At such a time as this, save us from the paralysis of indecision.

The tempo is swift, enterprise is vast, life is crowded, and human relationships are confused, but with Thy help, O Lord, we shall go forward. Lead us on.

In a world of dictators give us a strengthened democracy. In an age of regimentation give us a new burst of freedom. In a time of plenty help us to build and not destroy; to preserve and yet share.

And, by Thy Grace, may our statesmanship be as worthy as the needs that face us.

In Christ's name we pray. Amen.

On page 1, line 1, of the printed bill, after "Section 1," add the following:

"Every person mentioned in subdivision (f) of section 5 of Article XXIV of the Constitution of California still in the employ of the State on June 19, 1935, shall be given an examination to determine his eligibility for the position so held by him.

Sec. 2. The examination mentioned in section 1 of this act shall be in writing only and shall be held by the State Personnel Board within fifteen days after the effective date hereof, upon notice to said persons mailed at least seven days before the date of the examination to the last known address of each such person as shown by the records of the State department or agency in which employed. The State Personnel Board shall, within ten days after the date of such examination, mail to each such person a notice indicating his standing as the result of such examination. Such examination shall consist of tests not differing materially in character from heretofore existing practice in written examinations.

Sec. 3. Successful candidates at any such examination who held positions on June 19, 1935, as aforesaid, shall be placed on an appropriate eligible list or lists for certification and appointment to such position or positions above all other persons on any such list or lists in the State civil service.

Sec. 4. If any provision of this act, or the preference thereby given to any person or group of persons, is held invalid, the remainder of this act, or the preference given to other persons or groups by this act, shall not be affected thereby. If the preference given by this act to any person or group of persons is declared invalid, each such person shall be placed on the appropriate eligible list for certification and appointment to the position held by him on June 19, 1935, and with such priority thereon as is determined by the rating obtained by him upon such examination as compared with the respective ratings of other persons on said list.

Sec. 5. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution and shall therefore take effect immediately.

The facts constituting the necessity are as follows:

At the general election, November 6, 1934, the people approved an initiative constitutional amendment adding Article XXIV to the State Constitution, placing in the State civil service numerous offices and positions which prior thereto had not been so included. On the effective date of said constitutional amendment, many persons held positions thus brought into the State civil service and had held such positions for a considerable period, but not for the full period of six months immediately preceding said effective date. Many complications in the adjustment of these positions in the State civil service have ensued, and unless opportunity is given to all such persons to qualify for the positions so held by them in the manner for which provision is made in this act, there will be serious disruption in the business of the State. It is therefore imperative that this act shall take effect immediately."

Communications.

The following communications referring to Assembly Bill No. 86 were received, read, and ordered printed in the Journal:

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL,
SACRAMENTO, CALIFORNIA, June 15, 1935.

*Honorable William F. Knowland, Senate Chamber,
State Capitol, Sacramento, California.*

Subject: Assembly Bill No. 86, as amended in Senate June 14, 1935.

DEAR SENATOR KNOWLAND: You have asked for our opinion as to:

1. When Assembly Bill No. 86, as amended in Senate June 14, 1935, will take effect?

2. What will happen if the Federal law imposing the pay roll tax against which employers' contributions under Assembly Bill No. 86 may be credited, is repealed or amended so that the employers' contribution under Assembly Bill No. 86 can not be credited on the Federal tax?

In our opinion, Assembly Bill No. 86 will take effect when a Federal law is enacted which imposes a pay roll tax on employers and permits "all or any part" of the contributions under Assembly Bill No. 86 to be credited thereon.

Whenever such Federal law is changed to stop such crediting, or is repealed, then the provisions of Assembly Bill No. 86 requiring collection of contributions and payment of benefits will cease to operate, no further collections or payments will be made, and the State Treasurer will hold the moneys collected.

We base these conclusions on the provisions of section 2 of the bill as amended.

Very truly yours,

FRED B. WOOD, Legislative Counsel.

Also:

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL,
SACRAMENTO, CALIFORNIA, June 15, 1935.

*Honorable William F. Knowland, Senate Chamber,
State Capitol, Sacramento, California.*

Subject: Assembly Bill No. 86, as amended in Senate June 14, 1935.

DEAR SENATOR KNOWLAND: Supplementing our letter to you of this date on the above bill, we now take up the further question asked by you, which is the following:

Suppose legislation is enacted by the United States Government this year proposing a pay roll tax which, however, will not take effect until 1937 or some later date, would the tax levied by the bill take effect in 1936?

In our opinion, the provisions of the bill levying the tax in 1936 would not take effect.

We base this opinion upon the fact that the third sentence of section 2 of the bill as amended provides that the bill shall take effect only in the case legislation is enacted by the Federal Government providing for a tax upon the payment of wages by employers "against which all or any part of the contributions required by this act may be credited."

Obviously, the contributions required by this act for the year 1936 could not be credited against a Federal tax for that year if there were no such Federal tax. There-

fore, such a Federal bill would not come within the terms of section 2 of the bill and the bill would not take effect as to any tax in 1935 or such year.

Very truly yours,

FREDERICK WOOD, Legislative Counsel.

Resolution.

The following resolution was offered:

By Senator Difani:

WHEREAS, Frank A. Miller, of Riverside, California, master of the Mission Inn, exponent and inspiration in matters of world peace and international good will, was one of the outstanding leaders, not only in his own community and his own country, but in the entire State; and

WHEREAS, The vision of Frank A. Miller and the personality, courage and ability which made it possible for him to translate this vision into reality, made him a reputation which was international and which reflected honor to the State in which he exerted such influence for so many years; and

WHEREAS, The news has just reached the Senate of the death of Frank A. Miller in his seventy-seventh year; therefore be it

Resolved by the Senate of the State of California assembled in its fifty-first session. That it express its profound sorrow at the death of one of its most outstanding citizens; that it pause for a moment in respect for his memory and that it adjourn on this fifteenth day of June, 1935, in the honor of Frank A. Miller; and be it further

Resolved. That this resolution be included in the Journal of this day; and that copies thereof be sent to Mrs. Frank A. Miller; Mrs. Alice Richardson; and Mr. and Mrs. DeWitt Hutchings.

Remarks.

The following remarks, offered by Senator Difani, were ordered printed in the Journal:

To the Hon. George J. Hatfield and the Members of the Senate of the State of California.

GENTLEMEN: When the Senate closes its labor day, it will do so out of respect to Frank A. Miller, master of the Mission Inn of Riverside, California, who this day was called to his reward by the Grand Master of us all.

California, in the passing of this beloved pioneer, has lost one other of those, who in the early years of the Nineteenth Century through vision of our glorious future, made it possible for those of us who were to follow to enjoy the fruits of their marvelous labors.

Frank Miller was honored as few men have been privileged. Japan conferred upon him the Order of the Rising Sun out of appreciation and respect for all his efforts in behalf of world peace, he being the sponsor of the Institute of International Relations where at his world famous hostelry, the Mission Inn, the meetings of the institute have been conducted for many years.

Largely through his efforts, and his father before him, the desert has been reclaimed and a veritable garden has replaced the sand wastes, with its thousands of acres of citrus and other agricultural acreage.

He it was who first inaugurated the Easter sunrise service upon Mt. Rubidoux and made of his hospitable inn a mecca for the tourists of the world.

Truly we mourn the passing of our friend, a true Californian, and our deepest sympathy has this day been expressed in the resolution adopted and found in our Senate Journal of this day.

LEONARD J. DIFANI,

Senator, 37th District of the State of California.

Resolution read, and on motion of Senator Difani, adopted.

One purpose of this act is to correct such defects, to avoid multiple suits in connection therewith, unwarranted salary claims against the State, and to facilitate the effective operation of the constitutional amendment and thereby improve the State service and the proper and adequate performance of State functions. SENATE CLERK, SACRAMENTO, JUNE 15, 1935.

MR. PRESIDENT: Your Committee on Engrossment, Enrollment and Printing has examined Senate Concurrent Resolution No. 47—Relating to a commission to examine for the State its fair portion of the revenue from the public domain, and reports that the same has been correctly engrossed.

METZGER, Chairman.

Communication.**Opinion of Legislative Counsel.**

The following communication was received, read, and ordered printed in the Journal:

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL

Hon. George J. Hatfield, Lieutenant Governor,
State Capitol, Sacramento, California.

DEAR GOVERNOR HATFIELD: You ask, with reference to section 15 of Article IV of the Constitution and the manner of exercising the power of the Senate to dispense with the requirement that a bill be read on three several days, whether or not two or more bills may be included in one dispensing resolution.

It is our opinion that this may be done.

That point was definitely settled in *People vs. County of Glenn*, 100 Cal. 419.

At the session of 1891 the Senate, by two-thirds vote, adopted a dispensing resolution which included Assembly Bill No. 185 (the bill under consideration by the court) and a number of other bills.

The court held this entirely proper, saying:

"The Constitution does not undertake to provide the form, or to set limitations to the manner in which the dispensing power shall be exercised.

* * * It merely provides that a bill shall be read on three different days in each house unless such house by a two-thirds vote shall, in some appropriate form, dispense with that necessity." (p. 422.)
and that

"This was done in the case at bar with respect to the bill in question—the bill being expressly named in the resolution." (p. 422.)

That decision is still law; no subsequent citation to it on this point.

We recommend a resolution in the usual form designating (by bill number) all the bills in this category, instead of a separate resolution for each bill.

We recommend against the use of a resolution referring merely to all bills on the file; for then the Journal will not furnish a satisfactory record of the bills referred to. It would probably be sufficient but it would be difficult to find the identity of the bills in the record.

Very truly yours,

FRED B. WOOD, Legislative Counsel.

Resolution to Suspend Constitution.

The following resolution was offered:

By Senator Garrison:

Resolved, That Assembly Bills Nos. 95, 100, 327, 329, 617, 997, 1001, 1091, 1117, 1181, 1289, 1329, 1482, 1561, 1562, 1605, 1663, 1735, 1737, 1747, 1836, 2131, 2200, 2208, 2238, 2239, 2376, 2382, 2471, 2475, 2487, 2493, 2502, 1037, and Senate Bill No. 970, present a case of urgency, as that term is used in section 15 of Article IV of the Constitution, and the provision of that section requiring that the bills shall be read on three several days in each house is hereby dispensed with, and it is ordered that said bills be read the second and third times, and placed upon their passage.

Third Reading of Senate Bills—(Resumed).

Senate Bill No. 970.—An act to supplement the "State Civil Service Act," relating to the status in the State Civil Service of those persons mentioned in subdivision (f) of section 5 of Article XXIV of the State Constitution, providing for examinations to determine the eligibility of such persons and providing that this act shall take effect immediately.

Bill read third time.

Urgency Clause.

Sec. 5. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution and shall therefore take effect immediately.

The facts constituting the necessity are as follows:

At the general election, November 6, 1934, the people approved an initiative constitutional amendment adding Article XXIV to the State Constitution, placing in the State civil service numerous offices and positions which prior thereto had not been so included. On the effective date of said constitutional amendment, many persons held positions thus brought into the State Civil Service and had held such positions for a considerable period, but not for the full period of six months immediately preceding said effective date. Many complications in the adjustment of these positions in the State Civil Service have ensued, and unless opportunity is given to all such persons to qualify for the positions so held by them in the manner for which provision is made in this act, there will be serious disruption in the business of the State. It is therefore imperative that this act shall take effect immediately.

Urgency clause read.

Message from the Governor.

The following message from the Governor was received, read and ordered held as unfinished business:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,

SACRAMENTO, June 15, 1935.

*To the Honorable the Members of the Senate,
State of California, Sacramento, California.*

GREETINGS: I am returning herewith, without my approval, Senate Bill No. 78 entitled:

"An act to authorize the creation and establishment of a public utilities commission within any city, city and county, county, local governmental agency, society, associations, authority or entity rendering service to the public, and to authorize the issuance and sale of revenue bonds for the purpose of defraying costs of construction or acquisition of public utilities and extensions, repairs, replacements and improvements to public utilities; for the acquisition, production, purchase, sale and distribution of products, commodities, energy or services of such public utilities; and providing for the payment of such bonds and the interest thereon."

This bill is in substance and effect similar to Assembly Bill No. 1165 which I vetoed on June 7, 1935, and is subject to much the same objections which I made to that bill in my message to the members of the Assembly.

Senate Bill No. 78 authorizes the issuance of revenue bonds to an unlimited amount by votes of a majority of the electors; but, if the estimated cost of the construction or acquisition, extension, completion, replacement, repair, or improvement of any public utility then owned or operated by the political subdivision is less than 25 per cent of the capital cost of such utility, no submission to the people need be made. This provision makes it possible to evade the requirement of submission to the electors and assent by even a majority vote.

The Constitution of California has always required the assent of two-thirds of the electors voting at the bond election to authorize the State or counties, cities, towns, townships, boards of education, or school districts to incur any indebtedness or liability exceeding in any year the income and revenue provided for such year. This restriction is an indispensable brake on public borrowing and spending, which should not be made easier. Under existing laws the public debt of the State and its political subdivisions has continually increased. No difficulty has been encountered in procuring authorization by the electorate of bond issues for meritorious projects.

Experience with the bond debts of the irrigation and reclamation districts indicates clearly that public borrowing is not too severely restricted under the laws now in force. There is no need to review in detail the condition of the majority of the irrigation and reclamation districts in California, deep in debts which they can not pay.

Inconsistently, it seems to me, this bill permits a political subdivision to issue revenue bonds to an unlimited amount in order to build or purchase a public utility undertaking, on the vote of a majority, but provides (in section 9, subdivision 7) that the political subdivision can not get out of such an enterprise except with the assent of two-thirds of the voters. If the two-thirds requirement is sound in one case it should be at least equally sound in the other. Indeed, the time for the greater caution is at the threshold of a business undertaking before making firm commitments.

Although the bill makes no provision for investigation or approval of the safety or legality of particular bond issues by the Commissioner of Corporations, the Bank Superintendent, or any other public agency, it declares that the bonds to be issued shall be legal investments for all trust funds, State school funds, and funds of insurance companies and banks, and legal security for public deposits.

While this bill provides in section 15 that the revenue bonds to be issued thereunder shall not be a general obligation of the governmental agency issuing them, but shall be payable only out of "rates, charges and revenues", the bill contains language in other sections that seems inconsistent with that provision in section 15. For example, in section 17 it is provided "that nothing herein contained shall limit or restrict the use by the public utilities commission or the governing body of such city or local governmental agency, of any money appropriated or provided from other sources for the purpose of carrying out any of the provisions of this act"; and in section 19 it is provided "that nothing herein contained shall limit or restrict the use of any money appropriated from any general fund for the purpose of carrying out the provisions of this act". It appears, therefore, that the bill does contemplate the use of monies from the general fund or from other sources of tax money to support the bond obligations in one way or another.

Without repeating here the vote totals contained in my message vetoing Assembly Bill No. 1165, I again call attention to the facts that three times--the latest on May 2d of this year--the people of San Francisco, by decisive majorities, voted down charter amendments authorizing issuance of revenue bonds by a majority vote of the electors; that on April 2d last the people of the city of Los Angeles, by an over-

Urgency Clause.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution, and shall, therefore, go into immediate effect. A statement of the facts constituting such necessity is as follows:

In order that the State can take advantage of an allocation by the Federal Government of one hundred thousand dollars for Bang's disease control in California, it is necessary that certain assistance be given the Government in conducting necessary tests for detection of such disease. Bang's disease is of great economic importance to the dairy and live stock industry, and it is highly desirable that the State take advantage of the Federal Government's offer of financial assistance for controlling the disease. Since the Federal funds are immediately available provided the State will cooperate, it is necessary that this act take immediate effect in order that the work be undertaken without delay.

Communication.**Opinion of Legislative Counsel.**

The following communication was received, read, and ordered printed in the Journal:

Assembly Bill No. 2382 requires only a majority vote.

FRED B. WOOD.

SACRAMENTO, CALIFORNIA, June 13, 1935.

*Honorable Eleanor Miller, Assembly Chamber,
State Capitol, Sacramento, California.*

DEAR MISS MILLER: You ask us what vote is required for passage of Assembly Bill No. 2382, as amended in Assembly May 15, 1935.

As we read the bill there is provided a license fee of \$25, which is to go into a special fund out of which the expense of administration of the act is to be paid.

In our opinion, since the appropriation of moneys for payment of cost of administration and carrying out the provisions of the act is entirely out of the special fund thus created, the bill is not governed by the provisions of section 34a of Article IV of the Constitution and only a majority of the members elected to each house is necessary for passage.

Very truly yours,

FRED B. WOOD, Legislative Counsel.
By HAROLD B. HAAS, Deputy.

Approved: FRED B. WOOD, Legislative Counsel.

Same is true of the bill as amended June 13th. It is an appropriation—but from a special fund, not general fund. Hence, only a majority vote.

F. B. W.
